Alb&#233;r BDSU-50 Universal Battery Diagnostic System. The Alb&#233;r BDSU-50 is designed to be mounted on top of any brand of UPS battery cabinet or open rack, providing real time battery monitoring for 12V and 16V modules in series.

Demographic profile. The Central African Republic's (CAR) humanitarian crisis has worsened since the coup of March 2013. CAR's high mortality rate and low life expectancy are attributed to elevated rates of preventable and treatable diseases (including malaria and malnutrition), an inadequate health care system, precarious food security, and armed conflict.

The series is available with a choice of standard or V0 rated flame retardent tough ABS cases and an optional venting kit to allow for remote gas venting outside the battery cabinet where required. The FTA range is manufactured in SEC's ISO ...
