

Since 2011, Antigua and Barbuda's utility company, APUA, has run an interconnection policy that allows both residential and commercial customers to use solar energy on their properties. Under this policy, customers can install solar systems on rooftops or on the ground to reduce their energy consumption and save on bills.

Solar Solutions is focused on providing the most innovative Solar, Battery, Wind, & Energy solutions in Antigua & Barbuda. Our mission is to lead economic and environmental sustainability in Antigua & Barbuda through clean energy transitions- with unrelenting passion, quality and a commitment to clients and community.

With our partner GreenTech Solar - The Caribbean's Premier Renewable Energy Provider, ACT is dedicated to helping residential and commercial infrastructures in Antigua & Barbuda and other Caribbean islands achieve economic and environmental sustainability using renewable energy. ACT offers 3 types of renewable energy solutions - Solar ...

The Green Barbuda project is a hybrid solar, batteries and back-up diesel project, featuring a hybrid PV plant with 720 kWp of solar panels connected to a 863 kWh battery. It is capable of fully meeting the island's current daytime energy demand.

March 1 (SeeNews) - The government of Antigua and Barbuda and a UK-based clean energy firm formed by Swiss energy group Meeco AG and B& S Property (UK) officially marked the completion of a 3-MWp solar-plus-storage system in the Caribbean country last week.

We have partnered with the industry specialists to deliver the best-in-class solar energy solutions for residential and commercial infrastructures in Antigua & Barbuda. Contact us to get a quote or to know more about our Solar Energy solutions.

New Energy - Antigua & Barbuda. We DESIGN, supply and install solar systems to suit your requirements, we supply grid-tie, off-grid and hybrid PV systems for residential and commercial applications, Solar Water Heaters, Solar Pool Pumps & Heaters, Solar Air Conditioners.

The twin-island state Antigua and Barbuda has taken a leading role in terms of clean energy supply in the Caribbean. This leadership has been strengthened through the completion of 11 solar installations on the small private island Jumby Bay in the north of Antigua by the renewable energy provider PV Energy Limited.

Solar Antigua is at the forefront of renewable energy solutions, offering cutting-edge photovoltaic (PV) system technology. Our advanced systems are designed to maximize energy efficiency and reduce costs for

our customers.
