

Could Argentina be a key player in the next generation of nuclear reactors?

One extraction project by Canada's Blue Sky is at an advanced stage and was acquired this month by Corporación America, the Argentine conglomerate where Milei worked as an economist. Argentina could feasibly become a crucial player in the next generation of nuclear reactors, analysts said. "This is not a crazy idea.

Are foreign investors waiting for Milei to lift Argentina's capital controls?

Many foreign investors say privately they are waiting for Milei to lift Argentina's capital controls, and to see if his libertarian coalition does well at midterm elections in 2025, before investing. But an incentive scheme for big investments had drawn commitments of about \$7.8bn in energy and mining projects this year, according to JPMorgan.

Will Milei hand over Buenos Aires nuclear power plant to INVAP?

Demian Reidel, who leads the libertarian government's nuclear power policy, said Milei would hand over the Buenos Aires province site earmarked for the country's fourth plant to a 1.2GW project designed by Argentine research facility Invap, which will use the nascent SMR technology.

Will Argentines give Milei the benefit of the doubt?

At least for now, most Argentines seem willing to give Milei the benefit of the doubt. "It was difficult to vote for him at first...but I see that more and more Argentines are realizing every day that his plans are working," said Flor Maffia, a retired school teacher. "There's a new wind (of hope) in Argentina."

Will uranium mining boost Argentina's nuclear power?

Milei and Reidel unveiled a plan to increase Argentina's nuclear power generation and uranium mining capacity on Friday, aiming to lure technology companies that are increasingly using energy-intensive artificial intelligence to set up data centres in the country's cooler south.

Is Buenos Aires getting a nuclear power plant?

The modular elements power plant on the outskirts of Buenos Aires. Argentina is aiming to increase its nuclear power generation and lure tech groups that increasingly use AI to set up data centres &#169; CNEA/Handout/Reuters Roul Khalaf, Editor of the FT, selects her favourite stories in this weekly newsletter.

This wailing and gnashing of teeth can work anywhere except Argentina. Argentina has been bitch made for over 100 years thanks to having the most absolutely corrupt ruling class the world has ever seen with a cowed population utterly unwilling to murder them and their children. Blame the German and Italian influence here.

Part of the reasons the Peronists were willing to go quietly is because they know everything is fucked, and when the shit hits the fan (which it will) they can just blame Milie and return to power in order to "save" Argentina from the crazy guy.

Milei, Argentina, and the West By Nathan Klarer The election of Javier Milei in Argentina promises to deliver shock therapy to the Argentine economy. Once among the wealthiest nations in the world, Argentina is now an economic failure after succumbing to Peronist policies over the second half of the 20th century. It is due for defibrillation.
