

Where can I buy a Jackery solar generator in Australia?

Moving forward, Jackery's Australian website is launched today, February 1, 2023. Customers in Australia can now purchase the Solar Generator 1000 Pro and the Explorer 500 portable power station from Jackery through Amazon. The Jackery Solar Generator 1000 Pro includes a 1000 Explorer Pro portable power station and two SolarSaga solar panels.

What is a Jackery solar generator?

It converts sun energy captured by solar panels into electrical power and then stores it in a portable power station for later use. A solar generator is a reliable and clean power source for campers, RVs, or as an emergency backup if your power goes out. Why Choose Jackery Solar Generator?

What is a Jackery solar portable power station?

Jackery solar portable power station is 30% lighter than other competing products with the same capacity, making it especially suitable for outings. The combination of a light power station, and the foldable and lightweight magnetic solar panel, means the solar generator can support most electrical appliances on the go.

What is the Jackery solar generator 1000 Pro?

The Jackery Solar Generator 1000 Pro includes a 1000 Explorer Pro portable power station and two SolarSaga solar panels. This best-selling product is fast-charging and convenient to take on the next outdoor adventure.
