

What is a solar B-box?

The roller shade with cassette and guides that runs on renewable energy. Bandalux has launched its new Solar B-Box. It is an outdoor blind that has a built-in solar panel, a battery, and a motor that runs completely on renewable energy from the Sun. The solar-powered B-BOX does not need electrical wiring.

What is bPower50 solar home system?

bPower50 is a versatile 'Plug and Play' Solar Home System, designed for the rural off-grid customers typically using candles and kerosene lamps. Once connected, the system is ready to power lights, radios and TVs as well as charge phones for households and micro-businesses.

Does a solar-powered B-box need electrical wiring?

The solar-powered B-BOX does not need electrical wiring. The solar panel captures the sunlight and turns it into electric power to load the motor's battery, which makes the blind 100% autonomous. This new solution is ideal for any type of home, as it reduces reliance on electric power and makes it possible to cut down on electricity bills.
