(AKRON, Ohio - October 8, 2020) - Babcock & Wilcox (B&W) (NYSE: BW) announced today that its B&W Environmental segment will design and supply its highly efficient SPIG S.p.A. cooling towers for a pulp mill operated by LD Celulose S.A. in the Triângulo Mineiro region in Brazil. The contract is valued at approximately \$2 million.

A Babcock & Wilcox existe para colaborar com o CO2 com o foco singular de ajudar os clientes a criar energia mais limpa. Fazemos isto através de tecnologias comprovadas de descarbonização e inovações na geração de energia e no controle de emissões. A B& W é uma empresa líder, inovadora e defensora da redução de gases de efeito estufa.

Babcock International"s turnover was £1.1 billion in 1985. The company"s subsidiaries were active in projects such as power stations in Brazil and coal reclaiming equipment in Australia. FATA European Group, based in Turin, Italy, provided materials handling equipment for the European market (it was divested in the late 1980s).
