

What is sunny portal powered by ennexos?

Sunny Portal powered by ennexOS supports more than 900.000 registered systems world-wide with more than 40 GW of monitored PV power in over 200 countries. Everything at a glance Sunny Portal powered by ennexOS visualizes all yield data conveniently and concisely. Live system status data*Information about current energy flow

Why am I redirected to ennexos when registering in sunny portal classic?

In some cases you will be redirected to the ennexOS page when registering in Sunny Portal Classic. Systems with an SMA Data Manager are only registered in Sunny Portal powered by ennexOS. Systems in which an SMA inverter directly communicates with the Sunny Portal powered by ennexOS, will be only registered in Sunny Portal powered by ennexOS.

Does ennexos transfer data from smart connected to Sunny portal?

No. All settings such as additional users, reports or settings for Smart Connected will be transferred to the Sunny Portal powered by ennexOS. Energy data over the entire life cycle of the system is also completely transferred. From the time of migration, only the performance curves of the last 60 days are transferred to the ennexOS platform.

What's new at ennexos sunnyportal?

An all-new website with updated aesthetics and functions is now available, at EnnexOS SunnyPortal. Here's what you need to know! Starting October 16th, 2023, SMA automatically migrated solar systems with SunnyBoy -series inverters from the old website to the new EnnexOS platform.

Does ennexos receive historical production?

EnnexOS will receive 60 days of historical production. You will still be able to access Sunny Portal Classic to look at older production. This website change does not affect SMA's mobile app, SMA Energy, in any way.

Is sunny portal a reliable solar inverter Monitoring Platform?

For years, premier solar inverter manufacturer SMA has offered its monitoring website, Sunny Portal "Classic", and over time it has proven to be a reliable platform, but the design is pretty out-of-date. Many customers (and installers) wished more advanced insights were available, and finally our wait is over.

Sunny Portal powered by ennexOS, what's in a name? ennexOS is a cross-sector platform for controlling energy flows accessed via Sunny Portal powered by ennexOS. It was initially set up for commercial and industrial applications in combination with the SMA Data Manager. SMA now makes the benefits of ennexOS available to all new PV systems.
