

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who is Manyu solar?

Manyu solar has a after-sales team of more than 20 people, whose service capacity covers the four regional markets of Northern Europe, North America, South Africa and Southeast Asia. In addition, the company also focuses on supporting local dealers to provide customers with comprehensive technical support and timely response services.

How many patents did Manyu solar have?

The first brand was founded in 2004 and obtained 10 invention patents and several other patents. MANYU SOLAR focus on solar panels, inverters, batteries, residential power generation systems and industrial and commercial storage power generation systems.
