Lucid Energy is a provider of renewable energy systems and a pioneer in the development of in-pipe hydropower with the LucidPipe Power System. Lucid Energy's patented LucidPipe(TM) Power System is a water-to-wire energy recovery solution that enables industrial, municipal and agricultural facilities to produce clean, reliable, low-cost electricity from their ...

La compañía Lucid Energy ha llegado a un acuerdo con las autoridades de la urbe para instalar una suerte de tuberías inteligentes en la red de abastecimiento de agua. Lucid Energy ha sustituido algunos tramos de las tuberías con sus ...

L'entreprise américaine Lucid Energy, désormais filiale du groupe Targas ressources, s'intéresse aux hydroliennes, dans un contexte plus minimaliste qu'à l'accoutumée. En effet, Lucid Energy a inventé un concept de mini hydroliennes qui s'installent sur les canalisations. On imagine alors assez facilement le fort ...

According to Lucid, the Air Pure 2025 with its 84-kWh battery pack now has an EPA-estimated range of 420 miles, or 5 miles per kWh, making it the most energy-efficient model currently on the market. The model also features the longest range in Lucid's lineup, and the lowest cost, starting from \$69,900. The improvement was done by utilizing the heat pump first ...

In 2015, Lucid became the first micro-hydro company to sign a power purchase agreement, and began selling its energy to the grid. This is a big step forward for micro-hydro, which has previously been used predominantly in trials or on a small scale, generating energy to offset water suppliers' large energy demands.

Natural gas processor Lucid Energy has signed a new long-term natural gas gathering and processing agreement with ExxonMobil subsidiary XTO Energy. Under the agreement, natural gas production will be delivered from a part of XTO's leasehold area in southeastern New Mexico to Lucid's South Carlsbad gas gathering and processing system.
