

What is Liebert® NXC?

Liebert® NXC offers reliable and flexible secure power in a fully integrated package solution. Its highly efficient transformer-free double conversion technology delivers installation and running cost savings. The Liebert® NXC range has been designed to optimize specific rating requirements, thus enhancing flexibility and installation space needs.

What is Liebert nxctm?

It comes complete with highly efficient transformer-free double conversion technology allowing it to provide installation and operating cost savings. With a rated output power factor of 0.9, the Liebert® NXCTM is also able to provide 11% more active power than a traditional 10-40 kVA UPS.

How many kVA can a Liebert® NXC deliver?

Output Configuration Liebert® NXC models up to 20 kVA can be configured on-site to deliver three (3/3) or single (3/1) phase output giving it the flexibility to adapt to change ations Full Galvanic Isolation Liebert® NXC offers integrated full galvanic isolation, meaning that an isolation transformer may be

How much power does a Liebert nxctm provide?

With a rated output power factor of 0.9, the Liebert® NXCTM is also able to provide 11% more active power than a traditional 10-40 kVA UPS. Liebert® NXCTM's combination of performance

Does Liebert NXC have a BCB box?

Liebert NXC 60kVA UPS User Manual... The BCB box contains a BCB and a BCB control board. Vertiv provides the BCB box and BCB signal cables (length: 30m) for use when the battery does not install in the battery cabinet. In this situation, The BCB box is fitted as close as possible to the battery and connected to the UPS.

How many Liebert® nxctm units can be connected in parallel?

Liebert® NXCTM can be connected with up to four units in parallel, one of which is redundant. A single unit can be upgraded to parallel operation via easy to modify software settings which allow the system to be customized for the requested configuration.

Liebert NXC is a compact solution designed to optimize. Liebert NXC offers reliable and flexible secure power in a fully integrated package solution. It comes complete with highly efficient transformer-free double conversion technology allowing it to provide installation and operating cost savings.
