

Why should you choose a Canadian Solar EP Cube?

This feature enhances the versatility of the EP CUBE for users with electric vehicles. The Canadian Solar EP Cube Energy Storage System offers all-in-one solar backup power, ensuring reliable energy storage and efficient home power management.

What is Canadian Solar's EP Cube residential battery?

At the RE+ conference in Anaheim, California, Canadian Solar launched its newest residential product: the EP Cube residential battery. The battery can go up to 19.9 kilowatt-hours in size, comes with an integrated inverter, and can be installed with or without solar.

What residential storage solutions does Canadian Solar offer?

Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite. Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite Join Canadian Solar for an in-depth exploration of their residential storage solutions, EP Cube and EP Cube Lite.

How much does a Canadian Solar EP Cube cost?

Let's take a closer look at everything Canadian Solar's EP Cube has to offer. The EP Cube has a built-in inverter and is modular, meaning homeowners can choose how much storage capacity they need up to 19.9 kWh. Our solar experts estimate the EP Cube battery costs \$15,200 before incentives, just below the industry average cost.

Does Canadian Solar offer a backup battery?

Canadian Solar offers the EP Cube Lite, which comes at a lower price point and does not have backup capabilities but is designed to maximize energy savings in areas with time of use rates. The EP Cube has an excellent battery warranty, with 80% capacity retention after 10 years or 6,000 cycles, whichever comes first.

How much energy can a EP Cube store?

The slim, sleek design includes battery modules weighing 70 pounds and EP Cube can be ground or wall-mounted, inside or outside, since it's weather-resistant and requires minimal space. The EP Cube's storage capacity spans 9.9 kWh to 19.9 kWh, with the ability to connect up to six units in parallel for 119.9 kWh.

Wall-mounted Smart Gateway EP Cube interface connects your system to the internet, allowing you to monitor and control everything via phone. Integrated arc fault circuit interrupter and PV rapid shutdown features and a limited warranty assure safety and reliability.

EP Cube's debut at Intersolar Europe 2023 witnesses Canadian Solar's determination to create a more sustainable and eco-friendly future. Featured with safety, intelligence, energy efficiency, and esthetics, EP Cube will continuously lead the evolution in the residential energy storage market.
