

What is the first commercial solar project in Cayman?

The 20 acre 5MW Solar Farm located in Bodden Town is the first commercial solar project in Cayman. Completed in 2017, this solar farm was also the first Independent Power Producer (IPP) in Grand Cayman, selling electricity to CUC through a Power Purchase Agreement (PPA).

What are the benefits of solar power in the Cayman Islands?

Supplies sufficient power to Caribbean Utilities Company, Ltd. to serve 1,800 homes in the Cayman Islands. Reduces greenhouse gas emissions by 7,900 tons of CO₂ per year. Serves as the country's only utility-scale solar project, providing renewable energy to the grid's peak load of 110 MW.

Is Cayman the perfect place to harness solar energy?

Significant improvements are being made in the solar energy industry every year and Cayman is the perfect location to harness the power of the sun. Solar energy can be harvested in two ways: solar photovoltaic (PV), which converts sunlight into electricity and solar thermal, which heats water.

Are solar panels duty-free in Cayman?

However, renewable energy equipment, such as solar panels, are in fact duty-free for residential homeowners. Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery.

How can the Cayman Islands build climate resilience?

With a target of 70 percent renewable energy by 2037, the Cayman Islands is seeking to build climate resilience by purchasing clean energy for its electricity supply. The country established its first utility-scale solar project in 2017 through a power purchase agreement with renewable energy generated from the Bodden Town Solar Farm.

Why did Bodden Town solar move to the Cayman Islands?

The original developers of the Bodden Town Solar facility sought to exit the Caribbean market once the plant entered service. BMR seized the opportunity to establish operations in the Cayman Islands, expanding the footprint of its business and positioning itself for further growth in this important market.

Green Tech Energy provides top-notch solar panels, wind energy systems, and battery storage solutions in the Cayman Islands. Efficient, eco-friendly energy for your home and business.

Cayman Islands goes solar. Speak to us. To determine a suitable solar system for your home or business, it is essential to conduct a thorough assessment of your energy needs and home's sunlight conditions. We'll help you make an informed decision.

The power generated by the solar panels connects directly into the electric utility feed. In Cayman Islands, this process is called the CORE program. Inverters: Grid-Tie Inverters (interties) ...

Affordable Solar Cayman Ltd. offers solar power consulting and systems installations in Cayman Islands. We provide services to commercial and residential projects, including CORE program and off-grid solar systems, and solar heating solutions ...

Polycrown Solar Tech Co., Ltd. was founded in 2014 as a high-tech enterprise with a primary focus on researching, developing, producing solar panels, and installing solar projects. Our ...

The 5 MW Solar Farm is the Island's commercial solar project, located on a 20-acre site in Bodden Town, Grand Cayman. This solar farm was also the first Independent Power Producer (IPP) in Grand Cayman, selling electricity to ...

Solar panels can be installed on residential and commercial properties. The companies below are professional solar panel installers who design and install solar systems to meet the Cayman building code.

Supplies sufficient power to Caribbean Utilities Company, Ltd. to serve 1,800 homes in the Cayman Islands. Reduces greenhouse gas emissions by 7,900 tons of CO₂ per year. Serves as the country's only utility-scale solar project, providing renewable energy to the grid's peak load of ...

GreenTech Solar provides the highest quality, most advanced technologies available today; from the world's most efficient solar panels to advanced energy storage solutions, all installed by our certified professionals.
