

Chest mobile phone holder with solar energy

Which solar charging case is best?

Tough, waterproof, usable with most phones, and with some handy extras, the Blavor phone case is an excellent choice for keeping your phone protected and charged. Another solar charging case with Qi wireless technology, the 2BConnect Solar Charger Power Bank can charge any Qi-compatible device.

What is the best solar phone case?

The Blavor Qi-enabled power bank is the best solar phone case on our list. It is compatible with the iPhone XR/XR MAX/XS/X/8/8plus, Samsung Galaxy S9/S9 Plus S8/S8 Plus, and all Qi-enabled mobile devices, giving it great utility. Being Qi-enabled means that the power bank can charge any phone with a wireless charging option.

How to use a solar phone case?

Place the solar phone case in the sun to collect energy. Adjust the back panel angle to get optimal sunlight levels. You can remove the case and charge it while using your phone. Wait 30-60 minutes for a quick solar recharge to power 1-2 hours of use. The case can be separated from your phone for remote charging nearby.

How many devices can a solar charging case charge?

Another solar charging case with Qi wireless technology, the 2BConnect Solar Charger Power Bank can charge any Qi-compatible device. With its 36000mAh power bank and two USB output ports, a Type-C input/output and a Micro USB input, this case can charge up to four devices simultaneously.

What devices are compatible with the ERRBBIC solar phone case?

The ERRBBIC solar phone case features a built-in 20000mAh high capacity polymer battery equipped with a compact solar panel as a backup charger. The battery pack is compatible with iPhone 6 Plus, 6, 5S, 5C, 5, 4S, iPad, iPod, Samsung Galaxy S6, Edge, S5, S4, S3, Note 5, 4, 3, LG, G4, G3, Nexus, HTC, GoPro cameras, and most GPS handheld devices.

What should I consider when buying a solar phone case?

Another important factor to consider when buying a solar phone case is the charging capacity of the power bank. You want to make sure that the power bank is large enough for your needs. This means taking into account what you usually use your phone for and how much battery life it drains.
