

On Christmas Island an environmental research project is transforming former mining sites into agricultural land. The Seed clearing shed required for the land transformation are in a remote off-grid location resulting in high operational costs for the diesel generators that power them .

Christmas Island: Many of us want an overview of how much energy our country consumes, where it comes from, and if we're making progress on decarbonizing our energy mix. This page provides the data for your chosen country across all of the key metrics on this topic.

Resources & Energy. Christmas Island Phosphates; Indian Ocean Oil Co. Kemoil; Agri-Business. Liven Nutrients; Phosphate Resources Malaysia; Facilities & Logistics. CI Maintenance Services; PRL Shipping; Investing into the Indian Ocean Territories. Indian Ocean Stevedores; Cocos Cottages; Developing Christmas Island; Our Community, Our Future ...

PRL Group is committed to building a more diverse and sustainable economy for Christmas Island. We are developing a number of projects in areas such as tourism, renewable energy and fresh food production.

ClearEnergy is a group of dedicated individuals obsessed with providing affordable decentralized energy to the world. We know that by decentralizing the energy grid and giving control back to communities around the world we can make an unprecedented difference in the lives and livelihoods of people spanning every corner of the planet.

The Australian Government's Indian Ocean Territories (IOT) Power Service is changing the way renewable energy is regulated on Christmas Island (CI) and the Cocos (Keeling) Islands (CKI), ...

Delivered in cooperation with Australian EPC Unlimited Energy, the off-grid system is powering a far-flung farm by the combination of a 53 kW solar PV installation, which feeds into a 160 kWh saltwater battery system from U.S. producer Aquion Energy and a 48 kWh lithium-ion battery from German manufacturer Tesvolt.

The Australian Government's Indian Ocean Territories (IOT) Power Service is changing the way renewable energy is regulated on Christmas Island (CI) and the Cocos (Keeling) Islands (CKI), to generate greater local interest in, and uptake of, solar systems.

The federal Morrison government has unveiled plans to underwrite the construction of a 1MW solar farm on Christmas Island, an external territory in the Indian Ocean with a population hovering ...
