Who makes solar panels?

We have partnered with the world's leading manufacturers like Canadian, JA Solar, Longi , Hubble , BSL and Sunsynk. From the moment your solar system is switched on, you can have peace of mind that your home, farm or business will produce FREE energy and provide greater savings for you every time.

Who are Eskom solar panels & inverters?

We supply and install solar panels, batteries and inverters to take your home or farm off the Eskom grid. Our mission is to provide the best renewable energy solutions for our clients based on their needs. We are a South African company based in the Western Cape, but we service the entire country.

Is Cape Solace a good solar backup installer?

I would highly recommend Cape Solace as a premier Solar Backup Installer of choice. After an initial confusion on my part to the installation timelines, the actual implementation of the system went seamlessly and within the specified times. The system is working extremely well and immediate post installation support has been very professional.

With a robust track record spanning over a decade, we proudly stand as an authorised installer for Victron Energy.

Solar panels in Cape Town lose efficiency as they're heated. This may seem illogical, seeing as they're supposed to sit on the roof. It's simply due to physics. You'll get less power from your panels on a hot day than you would on a mild day. The power rating and efficiency of a panel are based on regular temperature conditions.

What is a Solar Panel Lifter? Solar Panel Lift or Solar lifts are lifting systems with a ladder to lift the Solar panels up onto the roofs. Most of the households have peculiar shapes for roofs. These roofs are ideal for sunlight and solar panels. But the installation and mounting can be a tricky business. Solar lifts have a capacity of a few hundred lbs to several lbs. These lifts are ...
