IET is a leading provider of power delivery solutions to Africa's energy industry Offering primary distribution level solutions up to 40.5 kV voltage level, featuring outdoor porcelain-clad vacuum breakers and instrument transformers with comprehensive protection and control functions

We operate in Kenya in the exploration and agro-industrial sectors. The country is leading Africa in the production of vegetable oil for Eni's biorefineries in Gela and Venice. This is being done through a circular economy model that benefits local communities and helps to ensure a sustainable supply of raw materials to the global energy market.
