

Where is Greenko headquartered?

Greenko is headquartered in Hyderabad, India. Greenko is one of the world's leading energy transition and decarbonisation solutions companies, with an installed Renewable Energy capacity of 7.5 GW across wind, solar and hydropower. It plans to have projects of 50 GWh of storage operational by 2025.

Who is Greenko?

Greenko is one of the world's leading energy transition and decarbonisation solutions provider. It's digitally enabled three-tiered ecosystem consisting of Diversified Generation Infrastructure with an operating capacity of 7.3 GW, Cloud Storage Solutions of 100 GWh per day.

How Greenko is leading the energy transition in India?

Greenko is leading the energy transition in India through carbon free energy storage solutions by integrating renewables with pumped storage projects to supply round-the-clock renewable energy.

What makes Greenko a sustainable company?

Sustainability is integral to Greenko group's business model and aims to create a positive impact on society by having a responsible, long-term and sustainable approach to investing. The group adheres to Performance Standards of IFC and ISO standards on quality, environment, health & safety, corporate governance and information security.

Is Greenko a good power producer?

Greenko is awarded the Second Highest Achiever amongst Independent Power Producers in Overall Wind Power Capacity Commissioned and Third Highest Achiever amongst Independent Power Producers in Overall Renewable Energy Capacity Commissioned categories.

Is Greenko a carbon free - RTC solution?

Building world's largest energy storage cloud platform to deliver a Carbon Free - RTC solution, for industrial decarbonization and energy transition. Greenko is one of the world's leading energy transition and decarbonisation solutions provider.

Greenko Group and ReNew Power won the auction conducted by the Solar Energy Corporation of India (SECI) for 1.2 GW of solar, wind, and energy storage projects with guaranteed peak power supply.. While Greenko has been awarded 900 MW, ReNew Power has won 300 MW of projects. Greenko Group won the bid at a peak power tariff rate of INR 6.12 ...
