How batteries work. During the day, the network batteries are charged with rooftop solar energy. And at night, they are used to power homes and businesses with renewable energy. While the batteries cannot supply all of the communities' power needs, they are becoming an important tool to help us manage the evening peak.

Mobility Scooter GEL deep cycle battery 12v 35Ah Energex batteries are designed for a range of general purpose applications which require stable and reliable power supply. Valve regulated, spill proof construction allows safe ...
