

Who makes hanersun solar modules & solutions?

using Hanersun solar modules and solutions. Hanersun is a worldwide professional solar module manufacturer and comprehensive energy solution provider.

Who is hanersun solar?

Hanersun is a world-leading energy technology company, with a business scope from the R&D and intelligent manufacturing of solar modules, energy storage products, to comprehensive energy solutions. By focusing on advanced high-efficiency technology, it is one of the first to launch the 600W+ solar module in the industry.

Who is hanersun?

Hanersun is a world leading solar module manufacturer and comprehensive solar solution provider. We are specialized in high efficient solar module research, manufacturing and distribution to global market with advanced module production capacity available both in China and abroad. Founded in 2004, Headquartered in Nanjing, China.

Where is hanersun based?

As of the end of 2022, Hanersun has cumulatively delivered over 11GW solar modules to more than 80 countries and has developed and built 600MW of solar projects in the Asia Pacific. Our branches have been set up in Europe, the US, Japan, Vietnam, Hong Kong, and Pakistan to provide seamless services for local customers.

What is hanersun's new frameless module series?

This week, Hanersun's frameless module series was certified by #TUV SUD, becoming a new member of Hanersun high-efficiency module family in its debut. Inspired by minimalist aesthetics and distributed application concepts, the new modules elevate visual and LCOE performances, reaching new heights for distributed scenarios.

Why are hanersun bifacial modules so popular?

International financial institutions widely recognize it due to its stringent criteria. Hanersun is well known for its 600W+ ultra-high power modules and has already become a major manufacturer of 600W+ bifacial module since 2021.

Hanersun is a world-leading energy technology company, with a business scope from the R&D and intelligent manufacturing of solar modules, energy storage products, to comprehensive energy solutions. By focusing on advanced high ...

Globale Pr&#228;senz und Stabilit&#228;t. Bis Ende 2023 hat Hanersun Module mit einer Gesamtleistung von 12 GW an Tausende von Kunden in mehr als 90 L&#228;nder geliefert und rund 800 MW bei

Solarprojekten im asiatisch-pazifischen Raum entwickelt und gebaut. Die Position als globaler Leader in der Solarbranche best&#228;tigt sich auch durch die Anerkennung des Herstellers als Tier ...

On November 10th, Hanersun's frameless module series was certified by TUV SUD, becoming a new member of Hanersun high-efficiency module family in its debut. Inspired by minimalist aesthetics and distributed application concepts, the new modules elevate visual and LCOE performances, reaching new heights for distributed scenarios. In recent years, the share of ...
