

Schneider Homaya Solar Hybrid System 1500 Higher return on investment o Cost effective o Excellent load start capabilities with high 30-minute and 5-second surge power o Harness the continuously declining production cost of solar power. Designed for reliability o Robust design through rigorous reliability testing (HALT) Flexible

Homaya Hybrid is designed to provide access to quality and affordable energy whenever you need. Homaya Hybrid is an inverter for powering both AC and DC loads from energy supplied either via the grid or by solar panels, which can then be stored in a batt

Solar panel\* Power up to 1000Wp, 24V solar panel Recommended open-circuit voltage between 36V and 45V. Battery\* 24V operating voltage: 100Ah to 200Ah Supports tubular and flat plate GEL/VRLA batteries. Outputs DC output: 12V DC, 5A AC output: 230V, 50Hz. Dimensions 375 mm x 315 mm x 150mm Net weight: 15.6 kg

Solar panel\* Power up to 1000Wp, 24V solar panel Recommended open-circuit voltage between 36V and 45V. Battery\* 24V operating voltage: 100Ah to 200Ah Supports tubular and flat plate GEL/VRLA batteries. Outputs DC output: 12V ...

Homaya Solar Hybrid System range is designed to provide access to energy at an affordable price with less dependency on the grid supply. Homaya Solar Hybrid System has an in-built artificial intelligence to prioritize solar energy over the grid supply, thereby saves electricity bills.

Homaya Solar Hybrid System range is designed to provide access to energy at an affordable price with less dependency on the grid supply. Homaya Solar Hybrid System has an in-built artificial intelligence to prioritize solar energy ...

Homaya Solar Hybrid System range is designed to provide access to energy at an affordable price with less dependency on the grid supply. Homaya Solar Hybrid System has in-built artificial intelligence to prioritize solar energy over the grid supply, thereby saves electricity bills. &gt; Product Specifications AC output 850VA - 230V AC, 50 Hz
