Are the savings on your projects coming out unexpectedly low? Here are a few settings you can check: 1. Discount Rate. If your customer is paying cash for their PV system, then the higher Discount Rate you are using, the lower the Lifetime Savings value in Sales Mode. Going to the financing settings page and changing this to a lower value will likely increase the Lifetime ...

Shading can have a significant impact on the performance of PV systems so shading analysis is an essential

step in solar design. Shading on a roof can come from a variety of factors, including trees, roof obstructions, neighboring buildings and self-shading from other roof faces.
