

Does Jersey have solar panels?

JE currently has two other sites in Jersey earmarked for ground-mounted solar energy production and is also working on installing more roof-based solar panels across the island. Earlier this week, JE increased islanders' electricity tariff by 7.5% from January 2025, adding around £2 extra per week to the average household bill.

Will Jersey be able to produce solar energy in the winter?

Mr Ambler added that while Jersey sees enough sunshine in the summer to produce solar energy, the island will still need to be connected to the wider grid in the winter when daylight hours are significantly reduced. Does Jersey electricity want to protect green space?

Steve Tanner, head of capital delivery for Jersey Electricity (JE), said the company wanted to "protect green space on the island" and "the total of all six sites is only 0.8% of the total agricultural land available". Ms Layzell said: "These fields in St Mary are in the top 50% of land for Jersey Royals.

Will 'solar shepherding' bring more Lamb to Jersey markets?

Mr Hughes said "solar shepherding" was completely new to Jersey but he hoped it would bring more lamb to Jersey markets. "I think times are changing and we have to adapt," he said. Follow BBC Jersey on X (formerly Twitter) and Facebook. Send your story ideas to channel.islands@bbc.co.uk.

Powering 5000 homes is the equivalent of generating 36MWp of electricity from various solar voltaic sources - enough to power around 10% of housing in Jersey. Solar currently accounts for less than 0.5% of Jersey's current energy generation. Achieving the Solar 5000 ambition would increase it to 6.5% of the energy share, all generated locally.

For example, the United States has just begun construction of the country's biggest floating solar farm in New Jersey. Meanwhile, in China, fishery-solar hybrid systems have grown dramatically ...

Government of Jersey are overall supportive of solar and in most cases you can cover upto 90% of a roof plane without seeking permission. If you live within a listed building, listed site or potential building of interest in Jersey you will always require planning permission and we recommend seeking pre-planning advice from the department.

The first solar farm in the Channel Islands will be finished by the end of the year, Jersey Electricity (JE) has said. The power provider has leased an 11-acre site on St Clement fields where...
