“Standby Use” - back up power: Standby Use is mainly used for emergency power to avoid future damage that may be caused by a sudden power outage. 2. What are the concerns when using Sunnyway batteries in a parallel or a serial series? 1). Do not mix brands, models and date codes? 2). No separate discharge then charging in a serial configuration.

Koyosonic, a good supplier in power solution, has been specialized in developing and producing Lead-acid batteries, Li-ion batteries and Solar power system since 2002. As one of professional manufacturers, we have been devoted to research and development, manufacture and market to lead users to have right batteries for right power system.

Unrivalled cold cranking power up to 135%. 3 x higher levels of cyclic endurance than conventional batteries State-of-the-art AGM technology developed to meet OE requirements.
