

What types of solar panels does Longi offer?

LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects. The Hi-MO 4 series uses gallium-doped silicon cells which improves the solar panels resistance to LID.

How much power does a Longi Hi-mo 5 solar panel produce?

This test places the modules at an irradiance of 800 W/m², temperature of 20±176°C, and wind velocity of 1m/s. Testing the performance of the LONGi Hi-MO 5 solar panel series at NOCT conditions delivered a power output range of 369.2 W for the 530W module, and up to 411.1 W for the 550W module.

What if a Longi PV module is broken?

To inform the LONGi customer service personnel within two weeks when modules are found broken or other significant abnormality. Refer to the "LONGi PV Module Operation and Maintenance Manual" for details on module maintenance.

What is the warranty on Longi Hi-mo 5 solar panels?

The warranty of the LONGi Hi-MO 5 solar panel series covers the workmanship of the modules for 12 years for the materials and processing during the manufacturing process. This aligns with the average warranty issued for most PV modules in the solar industry.

How long does a LONGi Solar panel last?

With the increased stability of Gallium-doped silicon, LONGi is able to reduce the LID effects over the first year to 2% and less than 0.5% per year for the remaining life of the panel resulting in the panel retaining close to 85% of the original power rating after an increased 30 year period.

How does Longi produce solar panels?

LONGi owns most steps in the vertical supply chain to produce a solar panel including producing ingots, silicon wafers and solar cells. This strategy enables them to keep greater control over the supply and quality of each step of the process.

Longi solar has 9 different manufacturing locations spread across mainland China.. They also have recently expanded their factory in India, which is now capable of producing 1GW of mono cell solar panels annually..

...

Hi MO 6 Explorer unique high-efficiency HPBC cell structure sets new standard for PV technology. Hi MO 6 Explorer unique high-efficiency HPBC cell structure sets new standard for PV technology. Solutions. ... LONGi offers professional ...

Longi's all black Hi-MO 6 430W improves power generation capacity providing a great power to size ratio and excellent performance - achieving 22% efficiency. The product family is suitable for both residential and C& I rooftop systems. ...

A staple of the LONGi range, the LONGi Hi-MO 4 is LONGi's most diverse module offering in 2022, and with that, the most voluminous. From well-researched residential module purchasers through to industry-scale ...

Hi-MO 6 simplifies the complexity and redefines the aesthetic concept of photovoltaic modules. Market-leading Reliability. Hi-MO 6 pioneers the adoption of full back welding technology to effectively improve the resistance to micro ...

At CEF we sell the best solar panels for your needs. Commerical PV panels or home solar panels, we have them all. Click here and start to make renewable energy for yourself. National 7:30am ...

LONGi is extremely confident in the performance of its LONGi Hi-MO 5 solar panel series, which is why they cover them with an industry-leading warranty of 30 years for a power output of 84.95%. This warranty covers the ...

Black white panel with 22.3% efficiency, 15 year product warranty and 25 year linear power output warranty. ... The innovative Solshare unlocks solar power for flats across the UK. Mounting Fastensol pitched. Cost-effective and easy-to-fit ...

LONGi and IUCN jointly release the Photovoltaic Promotion for Climate Action and Biodiversity Conservation Initiative Baku, Azerbaijan - From November 11th to 22nd, the 29th Conference of the Parties (COP29) to the United Nations ...

Longi and JA Solar have made significant strides in the solar panel industry, despite being newer compared to their Western counterparts. Their affordability is a key attraction, and while their ...

A substantial 25-year product warranty is also included with this 400 W LONGi solar panel. ... We do not recommend drilling any new holes to the aluminum frame of the panel as it could ...

The encapsulation technology for each LONGi Hi-MO 5 solar panel includes dual glass protection. The first one is 2.0 mm anti-reflective glass and the second one is 2.0 mm heat-resistant tempered glass. Each PV ...

LONGi Solar photovoltaic panels can be delivered to you anywhere in the world with our reliable and prompt transport services. We will provide you with professional technical support. ...
