Map of the British Indian Ocean Territory since 1976. The territory is an archipelago of 58 islands covering 56 square kilometres (22 sq mi). The largest island is Diego Garcia, which at 32.5 square kilometres (12.5 sq mi) accounts for about half of the territory's total land area.

Is there a native population in the British Indian Ocean territory?

There is no native population on the islands. BIOT is constitutionally distinct and separate from the UK, with its own laws and Administration. The constitutional arrangements for BIOT are set out in the British Indian Ocean Territory (Constitution) Order 2004 and related instruments.

It is good indeed to discuss the sovereignty of the British Indian Ocean Territory. I understand the hon. Member undertook a visit to the islands back in 2020--maybe even further back--after claims that the UK's exit from the European Union could hinder the sovereignty of the British Indian Overseas Territory. The hon.
