1 ?? Butwal Power Company (BPC) is one of the leading companies in Nepal's power sector with generation and distribution as its core business areas. Incorporated in 1966 as private company and converted into public limited company in 1993, BPC has a track record of pioneering multi-faceted capacity building initiatives in hydropower development.

4 ??? Nepal has only two storage projects--Kulekhani I (60 MW) and Kulekhani II (32 MW). The project, which will be Nepal's third storage type, is 150 km west of Kathmandu on the Seti river near Damauli in the Tanahun district. Shyamji Bhandari, project chief, said grouting is being done in the lower level area of the main dam under package 1.

Nepal plans to develop 30,000MW of electricity by 2035 as the market for Nepal's hydropower is opening up in India and Bangladesh. The Minister for Energy, Water Resources and Irrigation Shakti Bahadur Basnet said on Tuesday that the government was preparing to come up with a comprehensive energy development programme supported by a ...
