We have commissioned two major innovative projects, Wi H&#226;che Ouatom, New Caledonia's first solar plant with battery storage, and Agrinergie Focola, its first agrisolar farm. It is an honor for a local company to be able to accompany these types of projects.

Akuo, an independent global renewable energy power producer and developer, and Enercal Energies Nouvelles, the 100% subsidiary of New Caledonia's electricity grid management company Enercal devoted to renewable energy, today inaugurated the Focolasolar plant in New Caledonia.

New Caledonian solar panel installers - showing companies in New Caledonia that undertake solar panel installation, including rooftop and standalone solar systems. 4 installers based in ...

Kwita Wije is a solar plant developed by Akuo that is located in Bouloupari commune in the South Province of New Caledonia. The plant has three components: a ground-based solar energy production component (6MWc), a 3 MW / 3 MWh storage component and an agricultural component with an agrivoltaic greenhouse enabling vegetables to be grown, thus ...

New Caledonian solar panel installers - showing companies in New Caledonia that undertake solar panel installation, including rooftop and standalone solar systems. 4 installers based in New Caledonia are listed below.

Solar Nc est constitu&#233;e de professionnels d&#233;di&#233;s &#224; l'&#233;laboration et au montage de solutions photovolta&#239;ques pour l'ensemble des clients Cal&#233;doniens. R&#233;f&#233;rence. R&#233;f&#233;rent autoconsommation au sein du cluster des &#233;nergies renouvelables Synergie et vice-pr&#233;sident de la FPPV, nous oeuvrons au bon fonctionnement de la fili&#232;re solaire ...

French renewable power producer and developer Akuo Energy inaugurated today the Focola solar agrivoltaic plant at a vegetable farm in New Caledonia. The Focola plant consists of 16 photovoltaic (PV) greenhouses which have been made cyclone-proof as the region in the South Pacific typically gets buffeted by two cyclones each year, Akuo said.

Akuo has been able to support this ramping up of New Caledonia's renewable energy issues by winning two separate calls for tender - 35 MW of solar and 30 MW of wind - located in the South Province that illustrate, through their size and location, the ...
