Panama eliminates the selective consumption tax of the import tax and other levies on equipment for the construction, operation and maintenance of power plants and/or solar installations with Law 417 of ...

The National Assembly of Panama adopted Law 417, published on 27 December 2023, which revises Law 37 of 2013 and broadens the incentive framework for the solar power sector. New incentives include tax exemptions and import duty reliefs for all individuals and entities involved in the solar industry, covering equipment and materials ...

Al-Nasr Solar has implemented hundreds of solar energy projects of various types, including Off-Grid, On-Grid, and Hybrid systems, across most Yemeni governorates in residential, commercial, governmental, service, agricultural, and industrial sectors.

Panama"s abundant sunlight, strategic location, favorable economic environment, and commitment to renewable energy make it an ideal location for solar energy projects. As the world moves towards a sustainable energy future, Panama"s unique advantages position it as a leader in solar energy development.

We are Alnasr Solar For Energy Solutions, the official and authorized agent in Yemen and Oman for JINKO SOLAR, a global leader in the production of solar panels, energy storage systems, and lithium batteries. We are also agents for BYD and Deye, as well as authorized distributors for TOP CABLE and ELUM.

At Al-Nasr Solar for Energy Solutions, we offer off-grid solar systems designed to provide complete energy independence for locations that are not connected to the main power grid. These systems are ideal for remote areas, agricultural operations, and any application where reliable access to electricity is needed without relying on traditional ...
