Like a traditional portable generator or inverter generator, a solar generator can power string lights and charge mobile devices when you're camping off the grid. It can also power corded tools at a project site where electrical outlets are out of reach. You can also use a solar generator as a backup to operate key items around your home in the event of a power outage.

The biggest portable solar generator from Jackery easily found its way to my list. The 2.16 kilowatt-hours of capacity are enough to power a full camping setup for a few days. And if you hook the 2000 Pro to six 200W solar panels, you can get it ...
