

What is Guam Power Authority's new energy credit?

Guam Power Authority employees work on overhead power lines in Upper Tumon on Feb. 23, 2024. A newly signed law extends the \$100 monthly energy credit for three more months, bringing to \$110 million-plus the amount of excess government revenue given back directly to GPA ratepayers.

How does Guam Power Authority manage performance?

Guam Power Authority management holds strongly to the tenet that if you do not measure performance, then you cannot manage performance. In order to better serve the public, the Authority maintains standards for performance. In addition, the PUC and GPA have agreed upon standards for prudent fuel use.

What is Guam Power Authority (GPA)?

Established May 1968 by the Guam Power Authority Act of 1968. See, Guam Code 12, Chapter 8. GPA is a public corporation and an enterprise fund of the Government of Guam. GPA's governing board is the Consolidated Commission on Utilities (CCU) consisting of five elected commissioners. GPA's rates are regulated by the Guam Public Utilities Commission.

What is Guam Power Authority & Public Utilities Commission?

Guam Power Authority and the Guam Public Utilities Commission, as the result of a collaborative effort, have agreed on a set of standards, practices, procedures and methodologies to promote and provide incentives for prudent fuel use.

Who is Guam's governing board?

The CCU commissioners, directly responsible and accountable to the voters of Guam, is now in its 21st year serving as GPA's governing board. Their combined talent and professional expertise guides and results in excellent policy decisions for our utility, the ratepayers, and the community.

Earn a rebate with an energy-efficient air conditioner and lower your energy consumption. GPA offers rebates when you buy a GPA program-qualified air conditioner. Rebates range between \$100 to \$800 depending on system size and efficiency.
