

Privida Power Limited is a renewable energy company qualified under the REA-NEP Solar Hybrid mini grid sub-component of Performance Based Grant (PBG). With this development, a total of 22,716 households and MSMEs across 25 sites in Kogi, Nasarawa and Benue state will enjoy clean, safe and reliable power supply for the first time. ...

Deliver non-conventional power solutions and deploying global best practice to minimizing carbon emission. Deploy technical/management expertise to support best-in-class operations across the energy value chain. Our ability to maximize ...

Le ministre de l'Energie de la Mauritanie a signé, ce dimanche, au pavillon du pays au sommet climatique COP28 de Dubaï, un accord avec la société Ameya POWER pour la construction de deux centrales solaires et éoliennes d'une capacité totale de 200 MW. La signature de cet accord a été supervisée par le Président

The mini-grids will provide 22,000 new electricity connections in unserved communities. PriVida will deploy the systems within 12 months from the deal signing. PriVida has partnered with leading clean energy companies to design and deploy retail solar solutions in West and Central Africa, deploying projects in Nigeria and Cameroon.
