

Who is developing Puerto Rico's energy grid?

Development is led by Clean Flexible Energy, an indirect subsidiary of AES Corp. and TotalEnergies Holdings USA. A conditional loan guarantee was announced for the project in July. Puerto Rico is aiming to eliminate coal-fired energy generation by 2028 and develop a 100% renewable energy grid by 2050.

Does Puerto Rico have a power grid?

Now, nearly all of Puerto Rico's roughly 3 million residents are in the dark again, and five years after Maria, it is raising renewed questions about the state of the grid. WHO RUNS PUERTO RICO'S POWER GRID? The state-run Puerto Rico Electric Power Authority (PREPA) owned and operated the island's power network when Maria hit.

Does Puerto Rico have a power plant?

Puerto Rico has to import all its oil, coal and natural gas as it does not produce any fossil fuels. It does have solar and wind generation that has contributed to renewables generation. Coal-fired generation is planned for phase-out by 2028. In early 2020, two of the island's largest power plants were damaged in a 6.4 magnitude earthquake.

Will Puerto Rico get 40% of its electricity from renewable sources?

Under the Puerto Rico Energy Public Policy Act, passed in 2019, the commonwealth is required to get 40% of its electricity from renewable sources by 2025, 60% by 2040 and 100% by 2050, according to the EIA.

What happened to Puerto Rico's electricity grid?

A worker installs rooftop solar panels on a home in Puerto Rico. The island's electric grid was destroyed by Hurricane Maria in 2017, resulting in a plan to modernize and decarbonize. Courtesy of Sunrun This audio is auto-generated. Please let us know if you have feedback

What is the Puerto Rico energy Resilience Fund?

The President authorized \$1 billion for the establishment of the Puerto Rico Energy Resilience Fund in 2022 to drive investments in renewable and resilient energy infrastructure on the island. A community benefits plan required by DOE "is being finalized and will be released to the public soon," the agency said.
