

Does St Lucia have a Solar Power Revolution?

Title: Solar Power Revolution: Advantages of Installing Solar PV in St. Lucia with Eco Carib St. Lucia, bathed in abundant sunlight and surrounded by the beauty of the Caribbean, is experiencing a transformative revolution in the realm of energy.

Does St Lucia offer incentives for solar PV installations?

The government of St. Lucia recognizes the importance of transitioning to renewable energy sources and often provides incentives to encourage solar PV installations. These incentives may include tax credits, rebates, or favorable financing options.

Where is St Lucia's first solar PV plant located?

On the 11th April 2018, the St. Lucia Electricity Services Limited (LUCLEEC) - the sole electric utility company on the island - completed the commissioning of the island's first utility-scale solar PV plant. The plant is rated at 3 megawatt (MW) and is located in La Tourne, Vieux Fort, just north of the Hewanorra International Airport.

The project pairs 35.6MW of solar PV with a 44.2MWh battery. Image: MPC Energy Solutions. Construction has begun on a solar-plus-storage project on the Caribbean island of St. Kitts & Nevis, backed by Leclanché, Solrid ...
