

high-capacity energy storage. Renuvi was created to solve these issues and bring flexible solutions to the power grid by providing a resource that is always on and always available. The Renuvi system is designed as a combined energy production hub offering the ability to safely create power banks throughout the energy grid; from Inline Power

Turn Sunshine into Power Your solar system works by soaking up sunlight and turning it into electricity right on your roof. The generated electricity can be used in your home to power your AC and other appliances. Store energy for when you need it When your system makes more energy than you need, the extra gets stored in a battery like the Tesla Powerwall.

We are the NEXT BIG THING in Mauritius" construction industry. The only company that will go the extra mile for your satisfaction. LET'S CONNECT SOCIALLY. Contact Details.
