How much does a Canadian Solar EP Cube cost?

Let's take a closer look at everything Canadian Solar's EP Cube has to offer. The EP Cube has a built-in inverter and is modular, meaning homeowners can choose how much storage capacity they need up to 19.9 kWh. Our solar experts estimate the EP Cube battery costs \$15,200 before incentives, just below the industry average cost.

What residential storage solutions does Canadian Solar offer?

Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite. Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite Join Canadian Solar for an in-depth exploration of their residential storage solutions, EP Cube and EP Cube Lite.

How many kilowatts can a EP Cube store?

The EP Cube energy storage system can store up to 19.9 kilowatt-hours of energy, comes with an integrated inverter, and can be installed with or without solar. Let's take a closer look at everything Canadian Solar's EP Cube has to offer.

What kind of battery does a Canadian Solar EP Cube use?

Plus, the EP Cube is a lithium iron phosphate battery, which means the battery is safer and will last longer than other types of lithium-ion batteries. It can also be integrated with a gas-powered generator for an added layer of backup protection. Canadian Solar is offering an excellent warranty for its battery system.

How much does a EP Cube battery cost?

Our solar experts estimate the EP Cube battery costs \$15,200 before incentives, just below the industry average cost. Canadian Solar offers the EP Cube Lite, which comes at a lower price point and does not have backup capabilities but is designed to maximize energy savings in areas with time of use rates.

Does the Canadian Solar EP Cube ship via UPS or USPS?

It can NOT ship via UPS or USPS. Please email us or give us a call if you have any questions. The Canadian Solar EP Cube stands out for its compact yet powerful design, integrating a hybrid inverter with storage modules for ease of use. It emphasizes safety with its use of LiFePO4 batteries, meeting stringent UL 9540A test criteria.

Introducing the Canadian Solar EP Cube Hybrid Inverter, your gateway to efficient and reliable solar energy management, now available at Solar Sovereign. The EP Cube's 7.6kW hybrid inverter is designed to seamlessly integrate with your modular battery system.
