My install in late 2019 was for a 5.6kw system and 1 Powerwall. Cost was \$15k for the solar and \$13k for the

battery before the 26% fed rebate. Also got \$2,300 back for the battery through the PGE SGIP program. Currently my cost is \$10/mo for a connection fee and since I'm overproducing I don't have a true up cost at the end of my service year.
