Sonnen has launched its 4.6kW sonnenBatterie 10 product in the UK and Ireland following its initial launch in Germany last year. The battery offers a modular design, allowing for it to be expanded from 11kWh to 22kWh, with the possibility for expansions of up to 198kWh for small businesses or homes with larger electricity needs.

The overall acquisition cost of Sonnen is thought to be in the hundreds of millions. Sonnen CEO Christoph Ostermann says that quite simply: "Residential storage is just shortly before the inflection point of becoming a mass [market] end product. More and more large corporations are recognising that." Corporate owners, independent customers?

Shell is to acquire German battery storage manufacturer sonnen in a bid to accelerate its home energy services position. Sonnen is to sit as a wholly-owned subsidiary of Shell should the acquisition clear regulatory approvals, and the deal comes less than a year after Shell made an investment in the battery firm.
