

Who is solar Panda?

Solar Panda is an innovative company providing home solar systems to rural African communities without access to electricity. Our loan-to-own model allows millions of families to have electricity for less than the daily cost of kerosene and mobile phone charging.

Where is solar Panda located?

Solar Panda is located in Nairobi, Nairobi Area, Kenya. Who invested in Solar Panda? Solar Panda has 5 investors including Oikocredit International and European Development Finance Institutions. How much funding has Solar Panda raised to date? Solar Panda has raised \$15M.

Why should you buy a solar Panda kit?

Solar Panda offers competitive, affordable products. With payment options like daily payments or buying the product outright, Solar Panda kits save money while replacing harmful kerosene and costly mobile phone charging. Solar Panda's products are designed with the long-term in mind.

The Solar Panda Story. Access to electricity should be a right for everyone, everywhere. With recent advancements in solar technology, coupled with the adoption of mobile phones and mobile money, access to affordable, healthy, clean energy is here. Yet, more than 1.2 billion people worldwide still live without access to electricity.
