

Masdar, the leading clean energy company in the UAE, has recently finalized agreements for solar and onshore wind projects in Azerbaijan, marking a significant step toward sustainable energy in the region.

Azerbaijan has achieved a groundbreaking milestone in its energy landscape with the official launch of the 308MWp Area 60 solar power project. This utility-scale photovoltaic (PV) power plant, the country's first and largest, marks a significant stride towards sustainable energy generation and diversification away from traditional oil and gas ...

Masdar Baku Solar PV Park is a 230MW solar PV power project. It is planned in Absheron, Azerbaijan. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the under construction stage.

Abu Dhabi Future Energy Company PJSC - Masdar, the UAE's clean energy powerhouse, has signed agreements for solar and onshore wind projects with a total capacity of 1 gigawatt (GW) in Azerbaijan, following the inauguration of the region's largest operational solar plant, the 230MW Garadagh Solar Park.

Azerbaijan's ambition to develop low and zero-carbon solutions through renewable energy, is exactly what the world needs at this time. The UAE is proud to support Azerbaijan's clean energy goals, to generate more than 30 percent of its overall energy capacity from renewables by 2030.

The commissioning of the largest solar power plant based on the first foreign investment in our energy history, as well as the signing of investment agreements for the implementation of solar and wind energy projects with a capacity of 1000 MW, show that our country's green energy and green investment plans are successfully becoming a reality.

In January 2020, Masdar signed an implementation agreement to develop a utility-scale solar photovoltaic (PV) project in the Republic of Azerbaijan. The 230-megawatt (MWac) Garadagh (Area 60) Solar PV Plant is the country's first foreign investment-based independent utility scale solar project structured as a public-private partnership.
