Professional solar installations and solar suppliers in St Helena Bay, fully qualified and PV GREEN CARD ACCREDITED. We solve 85% of all our calls in under 24 hours. We offer you the best products and services in town; from new installations, repairs or upgrades to existing or new solar panels, solar batteries or solar inverters.

Make sure you know both the total cost of the system and the price per watt of solar installed. The cost per watt makes it easier to compare prices between quotes and gives you a better idea of how fairly the system is priced. The average price of solar is about \$1.94 to \$2.9 per watt in Montana, so anything in that range is a fair price.

Saint Helena has one police station, Coleman House, ... Saint Helena's prices are heavily influenced by price inflation in those two countries, the value of the Saint Helena pound compared to the South African rand, the cost of freight, and import taxes. ...
