

Three companies have announced hundreds of millions of euros in investments in Montenegro. They intend to build three solar power plants and a wind farm in Rozaje, Savnik and Cetinje. The country recently reduced the VAT for solar panels and foresaw a spike in solar power output for this year.

After commissioning, it will be the largest solar power plant in Montenegro. The company CWP Europe through its subsidiary Sun Horizon Podgorica plans to install the Montechevo solar power plant with a total capacity of 400 MW on the territory of the Capital of Cetinje, in the area of Lastva, Cevo and Prenta dol.

Montenegro's transmission system operator, CGES, has signed an agreement with MEnergy to connect a planned 385 MW solar power plant to the grid. MEnergy will build the solar power plant at Ubli, Bogetic and Brocanac. The contract was signed by CGES CEO Ivan Asanovic and MEnergy CEO Nikola Spadijer.

Montenegro's power transmission system operator CGES has so far signed six connection agreements for solar power projects. Their total peak capacity would amount to 1.64 GW in peak capacity. The investors are M Energy, Sun Horizon, Obnovljivi izvori energije, Solar Power, EE Korita and Agenos Energy

Montenegro's transmission system operator, CGES, has signed an agreement with MEnergy to connect a planned 385 MW solar power plant to the grid. MEnergy will build the solar power plant at Ubli, Bogetic and ...

CWP Europe plans to install a solar power plant called Montechevo with a total capacity of 400 MW in Cetinje. A section would be placed in the cadastral municipality of Lastva, which RES Montenegro Group is also eyeing for its own project.

This solar power plant project signifies a substantial renewable energy initiative in Montenegro's energy landscape. The project was announced by EE Korita in 2023, making it a pivotal part of the country's ongoing efforts to embrace solar power and bolster its energy capacity and sustainability.

Construction of a Solar Power Plant in Montenegro with a total capacity of up to 385 MW The Project site is located in central region of Montenegro in the area of Chevo which lies on the border between Cetinje and Niksic municipalities, 68km away from Podgorica and 101km away from the Port of Bar.
