

Who is A1A solar contracting?

Read reviews for A1A Solar Contracting, Inc., a Solar PV, Energy Storage company since 2010 based in Jacksonville, FL.

What do you think about A1A solar?

While I appreciate the initial service and support provided by A1A Solar, I believe that greater transparency and better customer care are essential for maintaining trust and satisfaction. I hope that A1A Solar will take these concerns seriously and work towards providing a fair and reasonable resolution.

When did A1A move to Fernandina Beach?

We moved into the Fernandina Beach area in July 2022. We were in communication with several solar installers. After contacting A1A we met with Sean Smith (Senior Solar Consultant). Sean walked us thru the process, explaining in detail the advantages of going Solar.

Who designed my Tesla Solar System?

Ellen C., Angie R., Virginia J., John C., and Cliff L. did an excellent job of designing my Tesla Solar system. Use of the Bodhi App made it so easy to keep track of the entire process and progress of my project. It also served as a one-stop shop to communicate with everyone as well.

Wetzel was able to reach the company's goal of going solar with ease by selecting a quality local installer. Why Enphase? Beyond the initial design, installation, and investment of a commercial solar project, business owners should consider replacement equipment costs along with the time and labor needed to handle those events.

A1A Solar was instrumental in getting us to our goal of having solar power generation. This was an easy

project for me, as the client, since A1A Solar handled everything from planning and permitting to installation. My to-do list was not increased due to this project, and the solar panels were installed quickly and easily.
