Who installs roof top solar photovoltaic PV systems in the Seychelles?

Sine 2012, ESS has been installing rooftop solar photovoltaic PV systems in the Seychelles. Therefore, we have experience with grid-tied roof top solar PV system. Also we are an approved installer by the Seychelles Energy Commission and Public Utility Corporation.

How does solar PV work in the Seychelles?

Currently, Seychelles has a net metering policy where electricity produced by your solar photovoltaic PV systems is recorded to a separate meter. PUC then credits your electricity bill at the end of each month. Further details on how solar PV works in the Seychelles please see our Frequently Asked Questions page.

How does a solar inverter work?

The solar panels capture the energy of sunlight hitting your roof. The inverter turns this energy into electricity and connects it to the circuits that your home uses to power lights and appliances. The battery stores electricity to keep your home running at night or when the electrical grid goes down.

Does Sun King offer remote monitoring?

Speak to one of our expert solar advisors today. Sun King offers remote monitoring for institutional clients, such as NGOs, businesses and governments, so that they can monitor the performance of their portfolio of Sun King inverters in real time. Somewhere else in the world?
