

The central battery system in the TKT7 series offers an efficient, high-tech emergency lighting solution. You can easily modify the system according to your needs, making the new TKT7 series a truly flexible choice. ... Teknoware Oy . Our passion is finding the best lighting, interior or emergency lighting solution for trains, buses, buildings ...

Teknoware Middle East FZCO, established in 2008, is the regional office responsible for promoting, selling, and marketing Teknoware's world-class Emergency Lighting Solutions across Africa, the Middle East, and Asia Pacific. ... Central Battery System. Self Contained Emergency and Exit Lights Solutions. Monitored Self Contained System. Sealed ...

The 7 series is compatible with all our 230 V addressable luminaires, which makes it easy to upgrade an old central battery system. The central battery unit is easily upgraded according to the number of luminaires in the property. Depending on the model, the 75C central battery unit has 4-24 output circuits. Max. battery capacity 65 Ah.

The central battery system is compatible with all of our 230 V addressable luminaires so you can replace an existing system with ease. The TKT7 series is an easy to adapt solution for locations which need different numbers of luminaires. ... Teknoware Oy . Our passion is finding the best lighting, interior or emergency lighting solution for ...

The 7 series is compatible with all our 230 V addressable luminaires, which makes it easy to upgrade an old central battery system. The central battery unit is easily upgraded according to the number of luminaires in the property. Depending on the model, the 77C central battery unit has 24-72 output circuits.

CENTRAL BATTERY SYSTEM Central Battery Systems in the TKT67 series offer effective solutions for supplying a large quantity of luminaires. They are especially suited for large premises. The central unit input voltage is 220-240 VAC. The output voltage is 220-240 VAC in normal mode and 216 VDC in battery mode. The battery

Sealed Lead Acid Battery TEA020: 7123866: Add to cart: TEA021: Sealed Lead Acid Battery TEA021: 7123867: Add to cart: TEA022: Sealed Lead Acid Battery TEA022: 7123868: Add to cart: TEA023: Sealed Lead Acid Battery TEA023: 7123869: Add to cart: TEA024: Sealed Lead Acid Battery TEA024: 7123870: Add to cart: TEA024B: Sealed Lead Acid Battery ...

The central battery system is compatible with all of our 230 V addressable luminaires so you can replace an existing system with ease. The TKT7 series is an easy to adapt solution for locations which need different numbers of luminaires. The central battery system in the TKT78C series is particularly suitable for

medium-sized buildings.

TKT65B series central battery system offers an effective solution to supply medium to high number of emergency and exit lights. It is suitable for medium sized buildings. ... Teknoware Oy . Our passion is finding the best lighting, interior or emergency lighting solution for trains, buses, buildings, and ships. +358 3 883 020

The document provides information on Teknoware's central battery units for emergency lighting systems, including their features, specifications, and monitoring options. Central battery units can operate at 230V or 24V, with ...

The 31 and 41 central battery units are an easy and economical solution for supplying a relatively small number of luminaires in a limited area. These systems are especially suitable for properties and premises where the system is to be divided into several independent areas. The 31 system has 4 output circuits.

Central battery system in TKT65xxCX series, as all our Tapsa Control central battery systems, takes care of the testing automatically. ... Teknoware Oy . Our passion is finding the best lighting, interior or emergency lighting solution for trains, buses, buildings, and ships. +358 3 883 020
