Maximize supply chain trust and security. By using Dukosi Cell Monitoring Solution (DKCMS(TM)) during cell manufacture, the data stored within the Cell Monitor IC ensures both are "tied together", i.e. recording each cell serial number in its secure data store, which provides a layer of trust as the stored information must reflect the cell it's attached to.

Dukosi General Information Description. Provider of high-performance battery systems designed for electric and hybrid cars. The company's cell-based solutions have longer lifespans, less wiring, and higher second-life value and also provide real-time data on individual cell performance, enabling customers to get clean, reliable, renewable electricity powers for their vehicles, ...
