

Who is Unitech Energy Group?

UNITECH Energy Group is a leading supplier of subsea connector and distribution systems, umbilicals, power cables and flying leads. We help connect energy in a reliable, safe and sustainable way within our core areas of subsea Oil & Gas and Floating Wind projects. Covering global projects from our offices in Norway, Singapore, Australia and USA.

How does Chile benefit from solar energy?

The country benefits from consistently strong winds in mountainous region of Patagonia and some of the world's highest levels of solar radiation in the Atacama Desert. This predictable supply of wind and solar energy has led the Chilean government to estimate that 13% of the world's green hydrogen will be produced within its borders.

What is the energy partnership between Chile and Germany?

One of Chile's most active renewable energy partnerships is with Germany. Under the Energy Partnership Chile-Germany, both countries share knowledge, organise training sessions and host facilitate renewable energy agreements between business leaders and policymakers.

Offered with UNITECH's Single Source Solutions, it provides considerable time and cost savings for field expansion projects, single well developments and economically marginal developments.
