

# Where can i get solar panels near me Turks and Caicos Islands

Where can solar power be installed in Turks & Caicos?

Solar-derived power is increasing in popularity, with many private installations visible throughout the country, especially on new Turks and Caicos villa projects. Several local companies specialize in both supply and installation of alternative energy systems. The FortisTCI electricity plant on Providenciales.

Can Turks and Caicos use solar power?

The Turks and Caicos Government and Fortis TCI are currently reviewing the electricity legislation to enable Turks and Caicos residents to use the solar power they produce to offset their power consumption (rather than sell everything back to Fortis at their pre-agreed rate).

Who produces electricity in Turks & Caicos?

In the Turks and Caicos, all public electricity generation is run by Fortis TCI, a vertically integrated company that provides both power generation and distribution.

What solar products does Fortis TCI offer?

We specialize in the following solar products: solar hot water, solar pool heating, solar pool pumps and solar photovoltaic. Fortis TCI is the main power utility in the Turks and Caicos Islands. It is a privately owned company and services all of the inhabited islands within the Turks and Caicos Island chain.

Will Fortis TCI install a solar array in North Caicos?

Fortis TCI announced in 2017 that 1 MW of solar capacity is scheduled to be installed in the islands via the utility company, which would include a 700 kW array on North Caicos and 300 kW throughout the other islands. These projects are ongoing. There are two approaches for persons wishing to install a solar array at their residence or business:

Who owns the electricity in South Caicos?

Separately, Atlantic Equipment and Power (AEP) acquired an exclusive license for South Caicos which is due to expire in 2036. For the Turks Islands of Grand Turk and Salt Cay, electricity generation was run by Turks and Caicos Utilities (TCU), a government-owned entity.

FortisTCI Limited, a subsidiary of Fortis Inc., provides electricity throughout the Turks and Caicos Islands, serving Providenciales, North Caicos, Middle Caicos, South Caicos, East Caicos, and adjacent Cays. Turks and Caicos Utility Limited serves the Islands of Grand Turk and Salt Cay and was acquired by FortisTCI in 2012. Together, both ...
