

What is the best solar power generator?

As for solar charging, the Anker 757 supports up to 300 watts of input, putting it in the middle range compared to similarly-sized solar-capable generators on the market. If you're looking for an ultra-compact solar power generator, we recommend Bluetti's Portable Power Station EB3A.

What is the biggest portable solar generator?

The biggest portable solar generator from Jackery easily found its way to my list. The 2.16 kilowatt-hours of capacity are enough to power a full camping setup for a few days. And if you hook the 2000 Pro to six 200W solar panels, you can get it fully charged in less than 3 hours.

Which solar generator is best for living off the grid?

You'll be hard-pressed to find a solar generator better suited for living off the grid for an extended period than the Bluetti AC200 Max. It boasts a substantial 2,048Wh capacity, allowing you to power your whole life off it longer than most portable generators.

Which solar powered generator is right for You?

If you need something portable for a camping trip, then the Jackery 500W might be your best new travel buddy. When deciding what solar powered generator is right for you, consider which types of appliances, tools, and devices you need to charge and how often you'll be without a traditional power source.

Which Jackery solar generator is best?

Though it isn't quite as impressive as our top picks for best overall and best high-capacity, Jackery's smaller Explorer 300 solar generator is super compact and lightweight with a decent power capacity for its price.

Which solar generator should I buy?

With its durable enclosure and ergonomic design, the GB2000 is our top choice if you're looking to take your solar generator outdoors. The 2,106-watt lithium-ion battery packs plenty of power in a relatively compact package, and the "parallel ports" make it possible to connect two units together, effectively doubling the power output.

Overall, our choice for the top solar generator is the Jackery Portable Power Station Explorer 500, which provides over 500 watt-hours and eight output ports, but is still lightweight enough to bring with you on the go.

To help you choose the best solar generator for your purpose, we tested some of the most innovative models from Jackery, EcoFlow, Goal Zero, Bluetti, Anker, BioLite, Lion Energy, Ugreen, Vtoman, and more to see how they stacked up.
