Brockwell Storage & Solar has submitted plans for a 5MW solar project at Sugghen Hall Farm, near Diss, Suffolk. The site is adjacent to an existing substation providing an ideal connection point to power people's homes with clean, renewable, and cheap electricity. The solar farm will include substantial hedgerow, tree planting, and wilder ...

Brockwell Storage & Solar Limited is an active company incorporated on 12 October 2015 with the registered office located in London, Greater London. Brockwell Storage & Solar Limited has been running for 8 years. There are currently 7 active directors according to the latest confirmation statement submitted on 7th January 2024.

Proposals for East Park Energy are now being developed by Brockwell Storage and Solar, formerly known as RNA Energy. In March 2024, Brockwell reached an agreement to acquire 100% of RNA Energy, inheriting its solar and battery storage pipeline with a commitment to further investment. ... Our aim is to develop our pipeline of solar and battery ...

Closing the financing for the two projects, which included a significant debt package, is one of the largest battery storage investments in the UK sector and reaffirms RNA's position as a leading energy storage and renewables platform with a deep, high quality, proprietary project pipeline.
